Salt Lake's 1567 million-asset Valley Bank and Trust Co. plans to establish a full service branch in Heber City through the proposed acquisition of an Intermountain Thrift and Loan office located at 135 So. Main in Heber City.

Both financial institutions are wholly-owned subsidiaries of Utah Bancorp., according to Valley's executive vice president Robert Myrick, who added the holding company has concluded Heber's potential could best be

realized through a commercial bank and not a thrift operation.

The Heber thrift is one of four Intermountain offices acquired by Utah Bancorp., in 1981, Myrick said. He added the Heber office currently has total assets in the \$3 million range.

Myrick said he expects the transaction to be complete around the first of the year, noting the Heber market is currently being served by First Security and Zions banks and Deseret Federal Savings and Loan in addition to Intermountain.
